

Weleda is a prosperous international company with over 1800 staff. In the Swiss parent company in Arlesheim are anthroposophic pharmaceuticals and cosmetics products developed, produced, and sold. This all stands for the regeneration, sustainment, and advancement of health.

Shape your and our common future!

To enforce our team, we are **instantly, or after conclusion of an agreement**, looking for a

Perfumer (male or female)

Your area of responsibility

- Creation of natural scents for the different applications according to NaTrue, BDIH, Exocert, IFRA, and so on.
- Active contribution in interdisciplinary project-teams from R&D, Marketing, acquisition and production.
- Development and documentation of scent-stability testing for individual applications

Your profile

- At least 5 years of experience in the field of perfuming of body care-supplements
- Distinctive interests in natural scent materials
- Well educated in writing and speech in both German and French

Your future

- A diversified and responsible position in international surroundings with a broad scope of development
- Prospects to introduce your creativity and your expert knowledge
- Modern laboratory facilities

Interested? We are looking forward to your application
