A passion for detail...

...characterizes each Kugler cosmetics solution. Machines from Kugler provide flexibility for your creative packaging dreams. A wide variety of formats as well as leading-edge dosing aggregates of all viscosities make Kugler machines the best investment. Many Kugler machines are designed as monoblock systems, offering numerous functions on one machine frame. All over the world, the innovative line concepts encompassing turnkey solutions are met with great acclaim within the ever evolving cosmetic industry - and have been for decades.

The OPTIMA Group stands for experience, synergies and service worldwide. With branches in the US, Brazil, Mexico, Korea, Japan, Italy, Great Britain and France.

Years of packaging experience
has gone into ...

... those fantastic TLM components. Packaging individual products starts with erecting the boxes from flat blanks, followed by filling and closing. The secret of the TLM packaging machine's outstanding flexibility? Simple mechanical engineering, intelligent control systems and exchangeable tools.
