

SOOTHING CREAM FOR SENSITIVE and REACTIVE SKIN

A cream for calming sensitive and irritated skin and alleviating UV erythema.

PROTECTOL: a new anti-inflammatory active. Based on the efficiency of betulinic acid and irridoids, this ingredient will be convenient for sensitive skin. It helps skin to protect against external aggressions factors that are responsible for stinging and redness sensations.

TRADE NAME	INCI NAME	% W/W	SUPPLIER
PHASE A			
Arlacel 165	Glyceryl stearate, PEG-100 stearate	6,00	Uniqema
Arlamol HD	Disodium EDTA	15,0	Uniqema
PHASE B			
Water	Aqua	67,7	Noveon
Carbopol Ultrez 10	Carbomer	0,2
