

Delivering Health Naturally

Natunola Formulary

Lip Liner

Ingredient	Supplier	%Wt
Part A		
Vegetatum® Clear	Natunola Health	15.0
Candelilla Wax	Ross Waxes	9.0
C18-36 Acid Triglyceride	Croda	8.0
Shebu Refined	Rita	2.0
Natunola® Canola Oil	Natunola Health	q.s.
Part B		
Natunola® Canola Oil	Natunola Health	15.0
Natunola® Castor 1023	Natunola Health	5.0
Pigments		q.s.

Procedure:

Stir constantly. In a batch tank heat Part A to 80°-85°C. In a separate container, heat Natunola® Canola Oil and Natunola® Castor 1023 to the same temperature. Weigh pigments and grind them before adding them to this hot mixture. After pigments are evenly dispersed, add Part B to Part A. Keep temperature at 66°C while filling.

Vegetatum is a registered trade mark of Natunola Health
