Packaging suppliers

Here it is – our fully updated 2007 market survey of packaging suppliers. The table includes entries for all those companies that returned the completed questionnaire to us in good time, which this year added up to about 200 packaging suppliers. The table is laid out in columns to make it easy for you to find suppliers of spe-

cific packaging items or services. If you are a packaging supplier, and are not included in this year's survey please send a short e-mail to dorothea.michaelis@health-and-beauty.com. This will ensure that you are given the opportunity to submit your company details for the 2008 survey. An entry in the market survey is, of course, free of charge.
