Personal cleansing

In this special on the subject of "personal cleansing" we have listed 22 different formulations from 16 ingredients suppliers. If required these can all be downloaded free of charge from www.cossmma.com using the access codes in the Internet button on this page.

The Rainforest Bodywash from Croda and the Body Polish India from Impag sound very exotic. The Cookies & Cream Skin Polishing & Slimming Cream from Lubrizol, on the other hand, sounds positively mouth-watering. If the formulations do what they promise they will fulfil many of the consumer's wishes.

In April we will be focussing on formulations for colour cosmetics. In May we will be looking at hair care. All of the information published here has been carefully assembled, however neither the publishers nor the developers of these formulations can accept responsibility for their safety or accuracy.
