

CHOCOLATE/HAZELNUT BODY FONDUE

N°FONDA3-2

TYPE OF FORMULATION : ANHYDROUS – HOT POUR PRODUCT / BODY MASSAGE BUTTER

2 APPLICATIONS for this LIQUID HOT PRODUCT

1/ FONDUE

2/ CANDLE

DESCRIPTION :

This innovative food-like product is new type of body massage butter which offers you a new sensation of relaxation while nourishing and softening your skin, thanks to Lipobutters Cocoa and Shea. Moreover, your skin gets a nice slight colored tone as if you have met the winter sun.

DIRECTIONS FOR USE :

1/ Let the product melt in a fondue container.

Mix with a spoon (or other). Pick it up with fingers.

2/ Light the candle and let the product melt.

Make it lean to pick up the liquid on the border and apply on the body.

APPLICATION :

- Body massage

- SPA product (e.g. Wrapping)

- Playful product

- Dry skin

WARNING : DO NOT DIRECTLY POUR ON THE SKIN (RISK OF BURNING)
