* Diese Formulierung wurde nicht mikrobiologisch getestet.

► **SilSense™ Bio 5 Emollient**

Natürlicher und volatiler Emollient als D5 Alternative.

► **Lipex PreAct™**

Wirkstofföl, reich an antioxidativen Tocopherolen und entzündungshemmenden Phytosterolen

► **Akofine R™**

Pflanzliches Triglycerid, welches Struktur und Temperaturbeständigkeit erhöht.

► **Pro-D.S.B®**

Silanolwirkstoff – wirkt beruhigend und entzündungshemmend.

Herstellungshinweise

1. Inhaltsstoffe von Phase A zusammenfügen und rühren bis homogen.
2. Akofine R hinzufügen und auf ca. 65°C erhitzen. Rühren bis homogen.
3. Inhaltsstoffe von Phase C hinzufügen.
4. Rezeptur schnellstmöglich abfüllen.

All the information contained herein, as well as the technical advice, has been based on practical experience and thorough examinations. However, it represents non-committal recommendations only. We therefore strongly recommend that users should carry out their own tests before putting our products to their intended use. This applies in particular to our sample formulations, which are merely intended as a starting point for developing own applications and for which we therefore extend no warranty. The sole responsibility for assessing whether conflicting property rights of third parties (e.g. patents) exist in any of the countries concerned lies with the user; in this regard, too, we do not extend any warranty for sample formulations or sub-formulations. The sale of our products is governed by our General Terms & Conditions.
