Curl Defining Cream No. 1069

This curl cream is a leave-in conditioner designed to boost hydration and provide soft, flexible definition for waves and curls with added bounce and shine. This formulation is simply prepared with a ready-to-use conditioner concentrate, **Cola®Lac SLB**, to create moveable curls that are smooth and defined. Other feature ingredients include **Cola®Quat Q80** for shine and **Colonial BetaNat** for moisturization and strength.

To use: Apply to damp hair from roots to ends, then allow to air-dry for a relaxed look or blow-dry with a diffuser for more bounce.

Formulation

Order	INCI Name	Trade Name	Percent	Function
1	Water	Water	qs to 100.00	Carrier
2	Quaternium-80 and Propylene Glycol	**Cola®Quat Q80**	0.50	Gloss Agent
