Relaxing Wrinkle Shot

Press pause

PemuPur™ VISTA polymer
Naturally derived polymeric emulsifier, provides excellent stabilization, light sensory and softness without stickiness.

SilSense™ Bio 5 emollient
Naturally derived, biodegradable highly pure and volatible emollient, used as an alternative to D5 with similar performance and sensory.

LIPEX® Bassol C™
Superior-quality canola-based oil, with high oxidative stability and an excellent safety profile, making it suitable for use as a base emollient.

MENOLINE
Prevents stress-induced effects in the skin, increases hydration, firmness and radiance. Anti-wrinkle effect.
