Soap Noodles

In response to the growing demand of natural ingredients Cremer Care focuses on natural solutions from reliable sources coming from all over the world. We offer a wide range of natural as well as organic certified products.

With **CremerTIMOLA®**, our new product with particularly calming, soothing properties we address formulations for demanding and sensitive skin.

CremerTIMOLA®'s uniqueness relies on one of the central ideas of Cremer Care: to combine the preservation of indigenous knowledge about plants with potential for cosmetic applications and the promotion of sustainable use, the creation of employment opportunities, as well as an adequate benefit sharing with local communities or individuals.

Additionally, Cremer Care strengthens its ester competence: CremerCOOR®, DYNASAN®, IMWITOR®, MIGLYOL®, SOFTISAN®... are our outstanding ester-based specialities for your cosmetic products.

Phone: +49 (0) 6835 91950
Fax: +49 (0) 6835 919595
info@flavex.com
www.flavex.com

Profile: FLAVEX is specialised in CO₂-extraction, a modern technology for production of lipophilic plant extracts. Supercritical CO₂-extraction is very gentle and leaves no solvent residues. The method separates from plant materials bioactive substances such as antioxidants, natural flavours, essential oils and special fatty oils. CO₂-extracts are used as cosmetics ingredients, in perfumes, food and food supplements and in aromatherapy. CO₂-extracts are sterile and need no preservation.
