

Rona[®]

RonaFlair[™] EFX

Reveal your softer side

RonaFlair™ EFX

Reveal your softer side and uncover a beautiful, subtle glow for your cosmetic products with RonaFlair™ EFX.

A functional filler with such an extraordinarily creamy feel and radiance, you will want to add it to any formulation to create the feeling of luxury cosmetics.

RonaFlair™ EFX lets you go further through the perfection of radiance or that inner glow that everyone talks about. It offers a touch of luminescence with a velvety feel that glides over the skin. The silky texture combined with the superior skin adhesion provides natural, all day coverage without a heavy made up look.

Showcase a natural radiance on the skin. Use it in primers or powders or a rich base for long-lasting wear to prepare a flawless canvas.

RonaFlair™ EFX consists of synthetic fluorphlogopite and bismuth oxychloride. Its particle size is <35 µm (80% within range). It can be used in all types of cosmetic applications worldwide. RonaFlair™ EFX is in compliance with REACH.
