A complete care for a brighter and younger look with just one active ingredient. eyedeline™ marine ingredient targets the three main problems of the skin around the eyes at the same time: eyebags, dark circles and wrinkles. A series of clinical tests at different doses demonstrated its capability to reduce all the signs of tiredness and aging in the eye contour. An in vivo test showed great visible results at 4% application already in 14 days, resulting in 8.2% reduction in volume of the eye bags after 28 days.

GREAT VISIBLE IMPROVEMENT IN EYEBAGS
