

WorléeScrub Olive – Peeling Face Mask

CLEANSING | MASKS
RR-10-41-00

Exfoliating face masks are part of many consumers' regular skin care routine. They help to remove excess sebum and flakes of skin, as well as to prevent clogged pores and skin impurities. **WorléeScrub Olive - Exfoliating Face Mask** is a natural alternative to support a sustainable beauty routine. It provides a more even appearance to the skin and leaves it with a glow. The short Clean Beauty formulation moisturizes during application with the use of **WorléeAloe**. In addition, when the mask is washed off, the fine exfoliating particles provide a gentle exfoliating effect and a pleasant feeling on the skin afterwards.
